Part of the New Bridge Multi Academy Trust, Spring Brook School caters for pupils with a range of Social, Emotional and Mental Health (SEMH) difficulties. The school operates on a split site basis with the KS3 provision based in Failsworth and the primary provision based in Hollins.

We are seeking to appoint an ICT Technician who will support across both sites. The successful candidate will be a reliable, motivated and enthusiastic person who can work on their own initiative. The main aspects of the role are to solve basic ICT issues for staff and pupils, assist with the maintenance of hardware and software and the provision of information about the use of ICT within the school / site as required.

Due to the complex nature of our students, high levels of emotional and physical resilience are needed in dealing with challenging behaviour. However, the knowledge that our work is making a positive impact in helping the young people to grow and work towards independence brings great reward.

This post is based at Spring Brook School; however, all staff are expected to work at any site belonging to the Group as required.
